

MONTHLY NEWSLETTER

JUNE | 2026

WHAT'S NEW THIS JUNE?

This month, there's been many exciting updates, achievements, and celebrations for us at Rotherham Respiratory. From awareness and recognition dates, to refreshed online courses, and even the chance to win £100 in a prize draw from a new survey, there's plenty to get involved in.

PAEDIATRIC ASTHMA UPDATE COURSE ENDORSEMENT

We are delighted to share with our community that our updated Paediatric Asthma Update Course has received official endorsement from NPGRANG 🙌

NPRANG (The National Paediatric Respiratory & Allergy Nurse Group) aims to raise the standards and accessibility of clinical services for children and young people.

Thank you to the group for supporting our course, which provides an update on clinical management and current issues in asthma for healthcare professionals.

WE'D LOVE TO HEAR FROM YOU! 📢

Calling NHS healthcare professionals – it's survey time!

Asthma + Lung UK are seeking to understand how healthcare professionals are able to access and use respiratory health advice resources to better their knowledge.

The aim of the survey is to help shape the future of these resources and their impact. It will ensure that printed and digital learning materials continue to meet the important needs of both healthcare professionals and their patients. The survey only takes 20 minutes to complete and is open until 31st July 2026. Participation will also enter you into a prize draw to win a £100 voucher of your choice! 🎉

LOVE YOUR LUNGS 🫁

For the last week of June into July, it's time to celebrate your lungs!

National Love Your Lungs Week is organised by Asthma + Lung UK, raising vital awareness of lung education and support for those living with respiratory conditions.

We encourage you to recognise how even the smallest changes can make a huge difference. Stopping smoking, staying active, and looking after the air we breathe can have a real impact on your long-term lung health.

WORLD ENVIRONMENT DAY 🌍

On the 5th June [we celebrated World Environment Day](#), encouraging awareness and action for the protection of the environment.

When we care for the planet, it looks after us in return. Protecting nature provides cleaner air, which protects us and our bodies. Together, let's create a healthier future for all of us and our environment.

HEART HEALTHCARE COURSES 🫀

Our online CPD courses are specially designed to support your personal development in healthcare, and further improve patient outcomes.

We have a range of courses dedicated to strengthening your understanding of long-term cardiac conditions, including:

- ✓ **Advancing CHD**
- ✓ **Hypertension**
- ✓ **Atrial Fibrillation**
- ✓ **Coronary Heart Disease in Primary Care**
- ✓ **Heart Failure Foundation, Advancing, and Update**

DISCOVER AND JOIN OUR HEALTHCARE COURSES TODAY!

COURSE UPDATES

We're pleased to share that four of our online CPD courses have been fully updated 🌟

✓ Advancing CHD Course:

Designed for healthcare professionals developing their understanding of the diagnosis and management of coronary heart disease (CHD). It covers risk factors, assessment, and acute and long-term management of CHD.

✓ Diabetes Advancing Care Course:

Aimed at those advancing their knowledge of the diagnosis and holistic management of the different types of diabetes. It explains pharmacological and lifestyle interventions that can optimise outcomes.

✓ Diabetes Update Course:

Created for clinicians to further their understanding of the effective diagnosis and management of type 2 diabetes in patients. This course uses an evidence-based approach to lifestyle interventions.

✓ Foundation Course in Diabetes Care and Management:

Developed for healthcare professionals who would like to increase their knowledge, skills, and confidence to deliver safe diabetes care and improve patient outcomes.

These latest updates reflect the most up-to-date guidelines and best practice recommendations for better patient outcomes. Whether you're looking to refresh your knowledge, or continue on with your learning journey, now is the perfect time to enrol with our courses.

WORLD BLOOD DONOR DAY

We were so proud to recognise those incredible individuals who give blood on the 14th June for [World Blood Donor Day](#).

Just one donation can make a huge difference to patients in need, supporting emergency care, ongoing treatments, and many critical procedures.

To the voluntary and un-paid donors whose generosity continues to make a tremendous impact and save lives – thank you. 🙌

CATCH UP ON MAY

Last month had plenty happening both behind the scenes and across our courses. It was filled with reflection, recognition and learning as we shared official endorsements, new courses, and more.
