

MONTHLY NEWSLETTER

AUGUST | 2026

WHAT'S NEW THIS AUGUST?

August has been a jam-packed month of celebrating our learners, awareness days, our community, and both our previous and upcoming web seminars. Here's everything we've been up to over the last month here at Rotherham Respiratory.

31,000 LEARNERS 🎉

[We recently hit a fantastic new milestone](#) – 31,000 learners that have chosen Rotherham Respiratory to help them advance their clinical knowledge and deliver exceptional patient care.

Thank you to our growing community of learners who have enrolled on our courses, attended our webinars, and trusted us in their CPD journey.

Here's to continuing to educate and empower healthcare professionals 💙

TEN YEARS OF ASKING ABOUT ASTHMA

This month marks a whole decade of the [NHS Ask About Asthma campaign](#), which aims to improve the quality of life and care for children and young people living with asthma.

To honour the anniversary, this year's campaign is centred around the four key asks that are crucial for asthma care:

- ✓ Get an asthma action plan in place
- ✓ Understand how to use inhalers correctly
- ✓ Schedule asthma reviews every year and after every attack
- ✓ Consider air quality and its impact on lung health

Our dedicated asthma courses focus on these four campaign asks, helping healthcare professionals to build the knowledge, confidence, and skills to support better asthma care.

UPCOMING WEB SEMINAR: NPRANG PAEDIATRIC ALLERGY & ASTHMA UPDATE 2026

Friday 11th September, 12pm

Our next web seminar is fast approaching! In collaboration with NPRANG (National Paediatric Respiratory & Allergy Nurses Group), Rotherham Respiratory is hosting a web seminar covering:

- ✓ Pharmacogenomics in childhood asthma: the journey so far and the road ahead
- ✓ Paediatric Allergy Update for 2026: what's new and what matters
- ✓ The 2026 NPRANG Conference

Sign up today to gain free knowledge to develop your career with the passionate Rotherham Respiratory and NPRANG teams.

REGISTER HERE

WORLD LUNG CANCER DAY

On the 1st August, we recognised International Lung Cancer Day, raising awareness about the condition, its risk factors, and the vital importance of early detection.

As healthcare professionals, it is crucial for us to stay informed and up to date on the latest healthcare advice and updates, in order for us to provide better patient care and support timely referrals.

Together, we as a global community can continue to improve outcomes for those affected by lung cancer.

BREATHING SPACE CHOIR

This year marks 10 years of Rotherham Respiratory sponsoring the Breathing Space Choir! 🎵

We are absolutely thrilled to celebrate this milestone of a decade-long sponsorship. The choir is made up of participants living with respiratory and other long-term conditions.

AGM CONFERENCE

Back in July, we had our annual AGM conference with our trainers! A huge thank you to everyone who joined us – it was a truly fabulous event packed with exciting news and big plans for the future.

EXPLORE OUR COURSES

Our mission is to support healthcare professionals with high quality, evidence-based education. 🎓

From dedicated respiratory care, to a full range of chronic conditions, our accredited online courses are designed to help you build confidence, develop your clinical knowledge, and stay up to date with the latest best practices. These factors are crucial for helping you to deliver better patient outcomes!

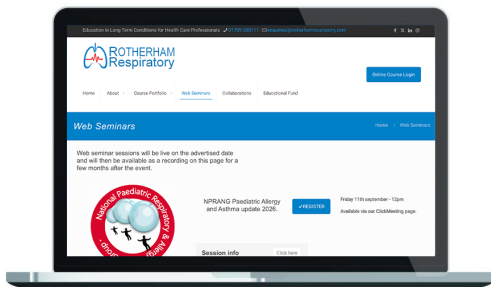

EXPLORE OUR COURSES TODAY!

WORLD HUMANITARIAN DAY

On the 19th August, [we celebrated World Humanitarian Day](#) – a date to honour healthcare professionals and humanitarian workers providing care, support, and clinical expertise when it matters most.

On this day, and every day, we thank everyone working both on the frontline and behind the scenes to make a difference to patients' lives 💙

MISSED ONE OF OUR WEB SEMINARS?

Don't worry!

Our web seminars are recorded and uploaded to our website for you to catch up and continue learning when it suits you. Perfectly designed for busy healthcare professionals who couldn't make it live.
